

Slog Square Electromech Pvt. Ltd.

An ISO- 9001:2015 Certified Company

What we stand for

Sincere

To deliver quality product within time committed.

Logical

To provide best engineering solution to our customer.

To make optimum use of resources available.

Organized

To improve every day in order to meet global challenges.

Global

Company Profile

Established in 2006 we started as proprietorship firm Slog Square Electromech (Mr. Rakesh Kumar- Proprietor) specializing in Special Purpose Machines, Jigs & Fixtures, technological up-gradation of conventional machine Tools etc.

In February 2018 we changed the constitution as Pvt Ltd company under the title Slog Square Electromech Pvt Ltd. With an in-house design and manufacturing facilities, we are in the forefront to provide best solutions in the field of machining, testing and assembly SPM's.

Manufacturing Area

Assembly Area

Why automation?

- ▶ Higher production rates and productivity
- ▶ Eliminates human error
- ▶ Reduction in rejection rate
- ▶ Improved quality
- ▶ Saves time and money
- ▶ Improved safety

Why Slog?

Enthusiastic team of young technocrats, which also make us receptive to the new ideas and concepts.

Always keen to learn, adapt and adopt.

Understand the need of quality standards adapted by our customers and maintain the same during the execution of work order given to us.

Upgrade ourselves at regular intervals for latest technologies and global requirements .

Our Vision

We at Slog Square are focused on becoming a trusted brand in the field of machine manufacturing by delighting our domestic and global customers, which will be fulfilled through integration of technology, quality and timely delivery followed by service support.

Design and Development

- ▶ Slog's success lies in it's strong in-house R&D.
- ▶ Backed by experienced as well as young workforce slog's design sector has the right mixture of experienced and fresh minds.

Solidworks

Equipped with with multiple workstations and lincensed Solidworks software.

Electrical department

- ▶ Slog is backed with electric professional with sound knowledge about automation.
- ▶ Our electrical department looks after panel making, wiring and programming.

SIEMENS

Quality Orientation

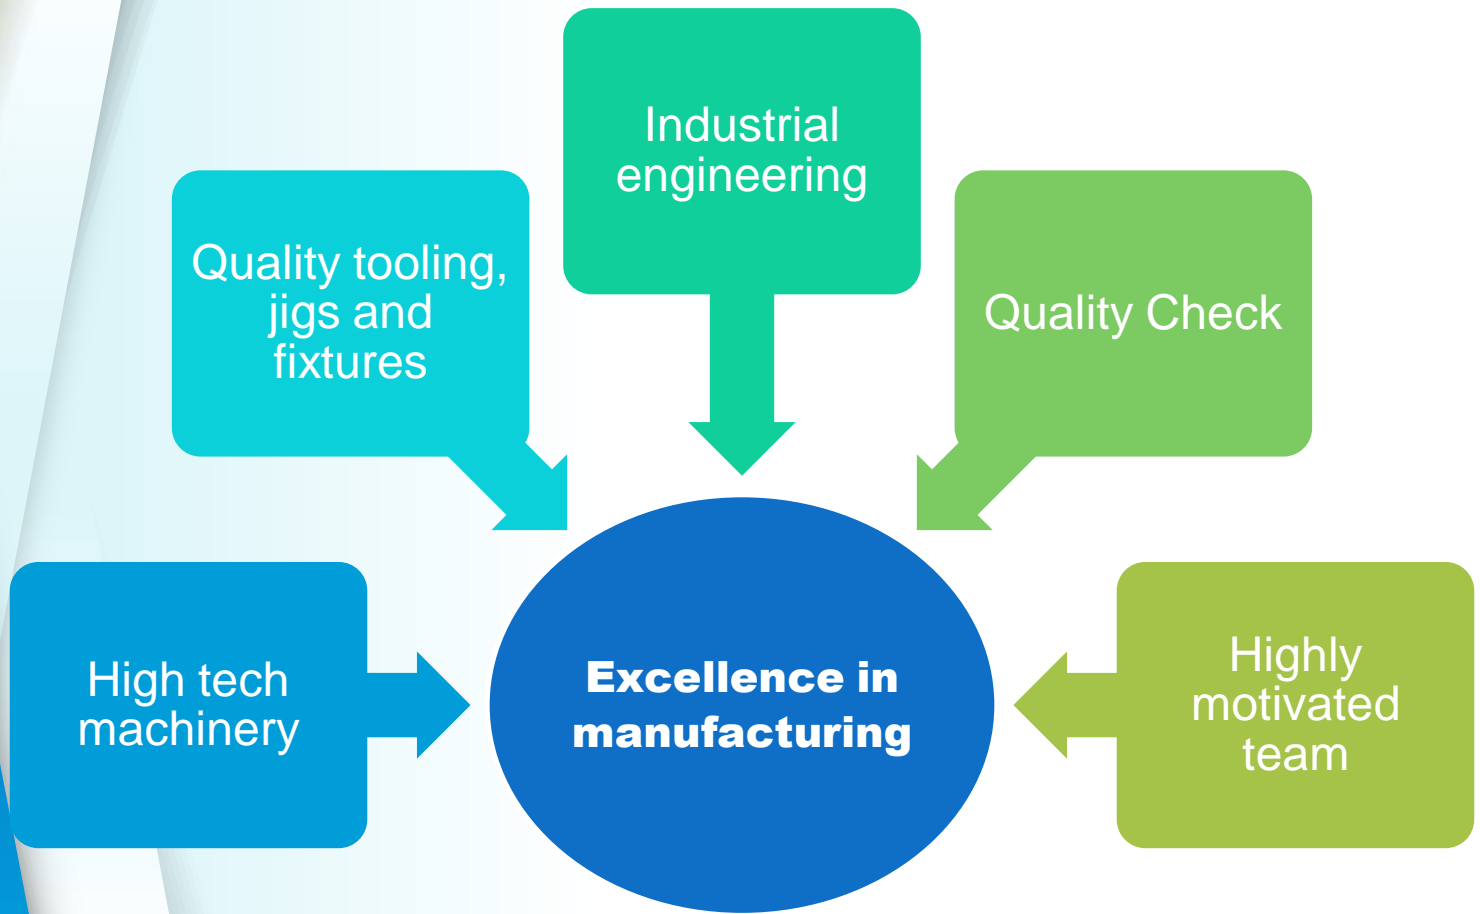

Being SPM manufacturers, we truly perceive and pursue the heart and soul of every machine we build and every tool we make.

Meeting the design tolerances and satisfying the customer needs is very important. Keeping that in mind Slog has a quality department with experienced professionals

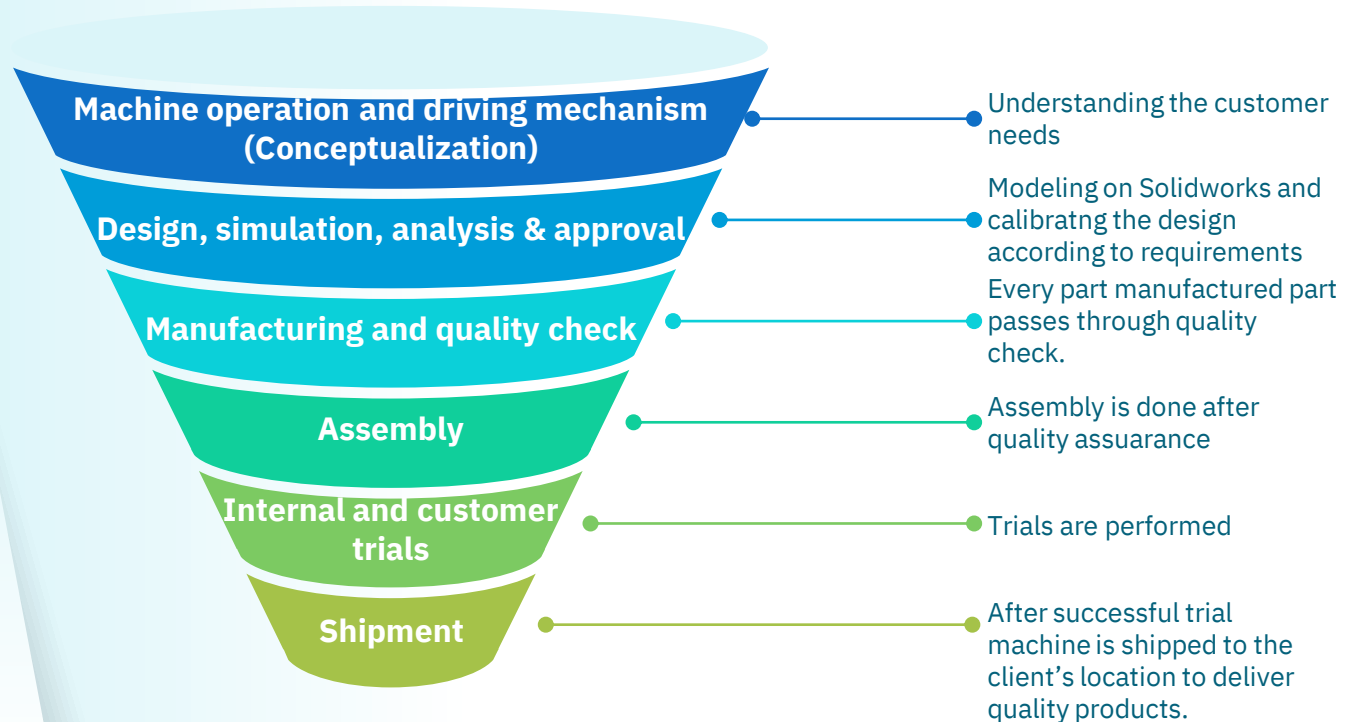

Each and every part of a machine is inspected using highly accurate tools and a quality report of the same is made.

Special Purpose Machines

Assembly & pressing Machines

- Servo
- Hydraulic
- Pneumatic

Machining Machines

- Drilling
- Tapping
- Cutting
- Deburring
- Buffing
- Facing

Testing Machines

- Leak test
- Auto torque
- Run Out test
- Servo driven UTM

Others

- Washing Machines
- Caulking Machines
- Straightening Machines
- Welding SPM's and fixtures

Our Products

Assembly machines

Machine Name – Ball Joint Assembly Machine
Machine Type – Assembly
Customer – Somic ZF

Machine Name – PURGE JOINT PRESSING
Machine Type – Assembly
Customer – Keihin FIE
(Hitachi Astemo)

Assembly machines

Machine Name – Shock Absorber Assembly
Machine Type – Assembly
Customer – TENNECO

Machine Name – Straight Plug Pressing SPM
Machine Type – Assembly
Customer – Keihin FIE
(Hitachi Astemo)

Assembly machines

Machine Name – Bush, Seal & Bearing Assembly

Machine Type – Assembly Machine

Customer – BEST KOKI

Pressing machines

Machine Name – Combo Pressing Machine
Machine Type – Pressing & Assembly
Customer – Best Koki

Machine Name – Ball Joint Press Machine
Machine Type – Pressing
Customer – Somic ZF

Pressing Machines

Machine Name – Bush Press Machine
Machine Type – Pressing
Customer – Somic ZF

Machine Name – Fuel Joint Pressing
Machine Type – Assembly Press
Customer – Keihin FIE
(Hitachi Astemo)

Deburring Machines

Machine Name – Wire brushing machine
Machine Type – Deburring
Customer – Roop Automotives Ltd

Machine Name – Clutch Plate Deburring
Machine Type – Deburring
Customer – FCC

Testing Machines

Machine Name – Leakage & Length Testing Machine
Machine Type – Dry Test Machine
Customer – Shriram Pistons and Rings Ltd

Machine Name – Universal Testing Machine
Machine Type – Testing Machine
Customer – Somic ZF

Testing machines

Machine Name – IBJ Auto Torque testing
Machine Type – Testing Machine
Customer – Somic ZF

Machine Name – Fuel Tank Leakage Testing
Machine Type – Testing Machine
Customer – Suzuki Two Wheeler

Drilling and Tapping Machines

Machine Name – Drilling & Tapping Machine
Machine Type – Drilling & Tapping
Customer – Keihin FIE
(Hitachi Astemo)

Machine Name – Drilling Machine
Machine Type – Drilling Machine
Customer – Keihin FIE
(Hitachi Astemo)

Drilling and Tapping machine

Machine Name – Drilling Machine (Ø35mm)
Machine Type – Drilling Machine
Customer – Somic ZF

Machine Name – Drilling Tapping SPM
Machine Type – Drilling Machine
Customer – Uniparts India Ltd

Washing Machine

Machine Name – Water Washing Machine
Machine Type – Washing
Customer – Keihin FIE
(Hitachi Astemo)

Machine Name – Air Washing SPM
Machine Type – Washing
Customer – Keihin FIE
(Hitachi Astemo)

Buffing Machine

Machine Name – Buffing SPM
Machine Type – Buffing Machine
Customer – Victora Tool Engineering Pvt Ltd

Caulking Machine

Machine Name – Caulking SPM
Machine Type – Caulking Machine
Customer – SANKEI

Facing Machine

Machine Name – Facing & Deburring Machine
Machine Type – Facing Machine
Customer – Keihin FIE
(Hitachi Astemo)

Welding Machine

Machine Name – Double Torch Welding SPM
Machine Type – Welding Machine
Customer – Uniparts India Ltd

Yarn Rewinding

Machine Name :- Yarn Rewinding Machine
Customer:- YKK

Straightening

Machine Name – Straightening Machine
Machine Type – Straightening
Customer – Shriram Piston & Rings Ltd

International Customer

Rancon Motor Bikes Ltd, Bangladesh
(A unit of Suzuki two wheelers)

Machine Name – Bush Press Machine
Machine Type – Assembly Machine

Variety of Conveyors

- ▶ Turn table
- ▶ Inspection conveyors
- ▶ Up Down conveyor
- ▶ Belt conveyor
- ▶ Roller conveyor

Conveyers

Machine Name – Glass Transfer Conveyor
Machine Type – Conveyor
Customer – ASAHI INDIA GLASS LTD

Machine Name – Roller Conveyor
Machine Type – Conveyor
Customer – ASAHI INDIA GLASS LTD

Our Clients
